

Police Verification for Passport

Verification of applications for passport is one of the important duties of Police. It used to be manually done by officers of Security Control Organization (SCO) of Kolkata Police. Recently the entire police verification (PV) is decentralized and PV is now done by concerned officers of Police Station by mPassport Police Application – a complete online, paperless and efficient system using mobile data terminal (Tabs). Police come to the door steps of the applicant and complete the verification by using tab. The passport applicants can now contact the Police Station Officers by E-mail for PV. Police Station wise details are given below.
