The contractor should keep in mind that :

- i) All works to be carried out in a manner according to specification for original works.
- ii) In no case, rates above tender accepted rate will be allowed.
- iii) The contractor is liable to transport, installation and dismantling of the items to and from the venue at his own cost.

PART – C

I. GENERAL GUIDANCE FOR E-TENDERING :

- 1) **Registration of Bidder** – Bidders willing to take part in the process of e-Tendering will have to be enrolled & registered with the Government e-Procurement System through logging on to <https://wbtenders.gov.in>.
- 2) **Digital Signature Certificate (DSC)** – Each Bidder is required to obtain a Class-III Digital Signature Certificate (DSC) for submission. Details are available at the website <https://wbtenders.gov.in>.
- 3) DSC once mapped to an account cannot be remapped to any other account. It can only be inactivated.
- 4) The Bidders can update well in advance, the documents such as certificates, purchase order details etc., under **My Documents** option and these can be selected as per tender requirements and then attached along with bid documents during bid submission. This will ensure lesser upload of bid documents.
- 5) After downloading/getting the tender schedules, the Bidder should go through them carefully and then submit the documents as per the tender document, otherwise, the bid will be rejected.
- 6) **The BOQ template must not be modified/replaced by the bidder and the same should be uploaded after filling the relevant columns**, else the bidder is liable to be rejected for that tender. Bidders are allowed to enter the Bidder Name and Values only.
- 7) Bidder, in advance, should prepare the bid documents to be submitted as indicated in the tender schedule and they should be in PDF/XLS/RAR/DWF formats. **If there is more than one document, they can be clubbed together.**
- 8) The bidder has to submit the tender document(s) online well in advance before the prescribed time to avoid any delay or problem during the bid submission process.
- 9) There is no limit on the size of the file uploaded at the server end. However, the upload is decided on the Memory available at the Client System as well as the Network bandwidth available at the client side at that point of time. In order to reduce the file size, bidders are suggested to scan the documents in **75-100 DPI** so that the clarity is maintained and also the size of file also gets reduced. This will help in quick uploading even at very low bandwidth speeds.
- 10) It is important to note that, **the bidder has to Click on the Freeze Bid Button, to ensure that he/she completes the Bid Submission Process. Bids which are not Frozen are considered as Incomplete/Invalid bids and are not considered for evaluation purposes.**
- 11) The **Tender Inviting Authority (TIA)** will not be held responsible for any sort of delay or the difficulties faced during the submission of bids online by the bidders due to local issues.
- 12) After the bid submission, the bid summary has to be printed and kept as an acknowledgement as a token of the submission of the bid. The bid summary will act as a proof of bid submission for a tender floated and will also act as an entry point to participate in the bid opening event.
- 13) **The bidder should see that the bid documents submitted should be free from virus and if the documents could not be opened, due to virus, during tender opening, the bid is liable to be rejected.**
- 14) The bidders are requested to submit the bids through online e-Procurement system to the TIA well before the bid submission end date and time **(as per Server System Clock)**.
